

**Sarika Garg**

**Deputy Director, Program Delivery**

Sarika is always ready to take on a new challenge. An experienced program manager, she oversees Rigil's federal customer-facing program and contract work as the Deputy Director, Program Delivery.

At Rigil, she has managed enterprise-level portfolio projects for the Federal Aviation Administration (FAA), directed project management initiatives, and aligned the agency's existing infrastructure and network with expansion initiatives. This included integrating Microsoft's HoloLens devices into FAA's secure network to enable remote expert assistance for mission-critical activities.

Sarika has proven her ability to build strong, lasting relationships and strategic partnerships with exceptional customer support and serving as the primary point of contact for all customer communications.

Prior to joining Rigil, Sarika worked as a software engineering manager at GEICO where she directed enterprise initiatives to leverage third-party data to improve productivity; pioneered solutions using artificial intelligence (AI) and machine learning (ML) algorithms; and managed expenditures, calculated forecasts, tracked variances, and approved salaries and promotions.

Sarika holds a Master of Science degree in Computer Science from Central Michigan University, is a Project Management Professional (PMP), and is SAFe 5 Agilist certified.

Sarika resides in the Washington, D.C. area.
